3.12 Objectives of Brand Accounting ..................................................................... 9.34
3.13 Difficulties in Brand Accounting ................................................................. 9.35
3.14 Valuation of Brands ...................................................................................... 9.36
3.15 Human Resources as a Brand ....................................................................... 9.41
3.16 Corporate Brand Strength ........................................................................... 9.42

Unit 4: Valuation of Liabilities
4.1 Introduction ................................................................................................... 9.47
4.2 Base of Valuation ........................................................................................... 9.47
4.3 Carrying Value ............................................................................................... 9.47
4.4 Leases ........................................................................................................... 9.47
4.5 Provisions ...................................................................................................... 9.48

Unit 5: Valuation of Shares
5.1 Introduction ................................................................................................... 9.49
5.2 Purposes of Valuation .................................................................................... 9.49
5.3 Relevance of Valuation .................................................................................. 9.49
5.4 Limitation of Stock Exchange Price as a Basis for Valuation ....................... 9.50
5.5 Methods ........................................................................................................ 9.51
5.6 Statutory Valuation ....................................................................................... 9.59
5.7 Valuation of Preference Shares ..................................................................... 9.66
5.8 Miscellaneous Problems for Practice ............................................................ 9.67
Unit 6: Valuation of Business

6.1 Introduction ................................................................................................... 9.73
6.2 Need for Valuation of Business ................................................................. 9.73
6.3 Valuation Approaches ................................................................................ 9.73
6.4 Valuation Methods ...................................................................................... 9.73
6.5 Book Value .................................................................................................. 9.75
6.6 Fair Value ..................................................................................................... 9.75
6.7 Earning Based Valuation of Business ......................................................... 9.76
6.8 Market Value Model .................................................................................... 9.77
6.9 Valuation of Investments ............................................................................ 9.77
6.10 Valuation of Current Assets, Loans and Advances .................................... 9.78
6.11 Value of Control of the Business ............................................................... 9.83

CHAPTER 10 - DEVELOPMENTS IN FINANCIAL REPORTING

Unit 1: Value Added Statement

1.1 Historical Background ................................................................................ 10.1
1.2 Definitions ................................................................................................... 10.1
1.3 Reporting Value Added .............................................................................. 10.2
1.4 Necessity of Preparing VA Statements ....................................................... 10.3
1.5 Value Added Statement .............................................................................. 10.4
1.6 Limitations of VA ...................................................................................... 10.7
1.7 Interpretation of VA .................................................................................. 10.17

Unit 2: Economic Value Added

2.1 Introduction ............................................................................................... 10.18
2.2 Cost of Capital ............................................................................................ 10.19
2.3 Capital Asset Pricing Model ....................................................................... 10.20
2.4 Beta ............................................................................................................ 10.20
2.5 Equity Risk Premium .................................................................................. 10.21
2.6 EVA - As a Management Tool ................................................................... 10.26

Unit 3: Market Value Added

3.1 Introduction ............................................................................................... 10.28
3.2 Relationship between EVA and Market Value Added........................................10.29
3.3 Benefits of Market Value Added .................................................................10.30
3.4 Limitations of Market Value Added ...............................................................10.31

Unit 4: Shareholders’ Value Added
4.1 Introduction ..................................................................................................10.32
4.2 Implications ..................................................................................................10.32

Unit 5: Human Resource Reporting
5.1 Introduction .................................................................................................10.33
5.2 Models of HRA ............................................................................................10.33
5.3 Implications of Human Capital Reporting ....................................................10.37
5.4 HRA in India ...............................................................................................10.37
5.5 Limitation of Human Resource Accounting ..................................................10.43
