MODULE – 1

Chapter 1: Application of Accounting Standards

Unit 1: AS 15 “Employee Benefits”

Unit 2: AS 25 “Interim Financial Reporting”

Unit 3: AS 28 “Impairment of Assets”

Unit 4: AS 21 “Consolidated Financial Statements”

Unit 5: AS 23 “Accounting for Investments in Associates in Consolidated Financial Statements”

Unit 6: AS 27 “Financial Reporting of Interests in Joint Ventures”

Chapter 2: Application of Guidance Notes

MODULE – 2

Chapter 3: Framework for Preparation and Presentation of Financial Statements

Application of Indian Accounting Standards (Ind AS)

Chapter 4: Ind AS on Presentation of Items in the Financial Statements

Unit 1: Ind AS 1 “Presentation of Financial Statements”

Unit 2: Ind AS 34 “Interim Financial Reporting”

Unit 3: Ind AS 7 “Statement of Cash Flows”

Chapter 5: Ind AS on Recognition of Revenue in the Financial Statements

Unit 1: Ind AS 11 “Construction Contracts”

Unit 2: Ind AS 18 “Revenue”
Chapter 6: Ind AS on Measurement based on Accounting Policies

Unit 1: Ind AS 8 “Accounting Policies, Changes in Accounting Estimates and Errors”
Unit 2: Ind AS 10 “Events after the Reporting Period”
Unit 3: Ind AS 113 “Fair Value Measurement”

Chapter 7: Other Ind AS

Unit 1: Ind AS 20 “Accounting for Government Grants and Disclosure of Government Assistance”
Unit 2: Ind AS 114 “Regulatory Deferral Accounts”

Chapter 8: Ind AS 101 “First-time Adoption of Indian Accounting Standards”

MODULE – 3

Chapter 9: Ind AS on Assets of the Financial Statements

Unit 1: Ind AS 2 “Inventories”
Unit 2: Ind AS 16 “Property, Plant and Equipment”
Unit 3: Ind AS 17 “Leases”
Unit 4: Ind AS 23 “Borrowing Costs”
Unit 5: Ind AS 36 “Impairment of Assets”
Unit 6: Ind AS 38 “Intangible Assets”
Unit 7: Ind AS 40 “Investment Property”
Unit 8: Ind AS 105 “Non-current Assets Held for Sale and Discontinued Operations”

MODULE – 4

Chapter 10: Ind AS on Liabilities of the Financial Statements

Unit 1: Ind AS 19 “Employee Benefits”
Unit 2: Ind AS 37 “Provisions, Contingent Liabilities and Contingent Assets”
Chapter 11: Ind AS on Items impacting the Financial Statements

Unit 1:  Ind AS 12 “Income Taxes”
Unit 2:  Ind AS 21 “The Effects of Changes in Foreign Exchange Rates”

Chapter 12: Ind AS on Disclosures in the Financial Statements

Unit 1:  Ind AS 24 “Related Party Disclosures”
Unit 2:  Ind AS 33 “Earnings per Share”
Unit 3:  Ind AS 108 “Operating Segments”

MODULE – 5

Chapter 13: Consolidated and Separate Financial Statements

Unit 1 : Introduction to Consolidated Financial Statements
Unit 2 : Important Definitions
Unit 3 : Separate Financial Statements
Unit 4 : Consolidated Financial Statements
Unit 5 : Consolidated Financial Statements: Accounting of Subsidiaries
Unit 6 : Joint Arrangements
Unit 7 : Investment in Associates & Joint Ventures
Unit 8 : Disclosures

Test Your Knowledge

Chapter 14: Industry Specific Ind AS

Unit 1 : Ind AS 41 “Agriculture”
Unit 2 : Ind AS 104 “Insurance Contracts”
Unit 3 : Ind AS 106 “Exploration for and Evaluation of Mineral Resources”

© The Institute of Chartered Accountants of India
MODULE – 6

Chapter 15: Business Combinations and Corporate Restructuring

Chapter 16: Accounting and Reporting of Financial Instruments

Unit 1: Financial Instruments: Scope and Definitions

Unit 2: Financial Instruments: Equity and Financial Liabilities

Unit 3: Classification and Measurement of Financial Assets and Financial Liabilities

Unit 4: Recognition and Derecognition of Financial Instruments

Unit 5: Derivatives and Embedded Derivatives

Unit 6: Disclosures

Unit 7: Hedge Accounting

Chapter 17: Accounting for Share Based Payment

MODULE – 7

Chapter 18: Analysis of Financial Statements

Chapter 19: Accounting for Carbon Credits

Chapter 20: Accounting for E-commerce Business

Emerging trends in Reporting

Chapter 21: Integrated Reporting

Chapter 22: Corporate Social Responsibility Reporting

Chapter 23: Human Resource Reporting

Chapter 24: Value Added Statement

CHAPTER 19 – ACCOUNTING OF CARBON CREDITS

Learning Outcomes ........................................................................................................... 19.1
Chapter Overview .............................................................................................................. 19.2

Contents:
1. Brief Historical Background ................................................................................... 19.3
2. Kyoto Protocol ...................................................................................................... 19.3
3. Market Based Mechanism ...................................................................................... 19.3
   3.1 Joint Implementation (JI) ........................................................................... 19.4
   3.2 Clean Development Mechanism (CDM) ..................................................... 19.4
   3.3 International Emission Trading (IET) .......................................................... 19.5
4. Carbon Credits and Certified Emission Reductions ................................................. 19.6
   4.1 Benefits of Carbon Credits ........................................................................ 19.6
5. Carbon Trade ....................................................................................................... 19.7
6. Pricing of CERS .................................................................................................... 19.8
7. Verified Emission Reduction (VER) ........................................................................ 19.9
8. Calculation of CERS ............................................................................................. 19.9
   9.1 Stage I: Project Design Document and Monitoring Plan Preparation .......... 19.10
   9.2 Stage II: Host Country Approval .................................................................... 19.10
   9.3 Stage III: Validation ................................................................................ 19.10
   9.4 Stage IV: Approval of Baseline Methodology by
CDM-EB/Methodology Panel ................................................................... 19.11
   9.5 Stage V: Project Registration ....................................................................... 19.11
   9.6 Stage VI: Monitoring and Verification ....................................................... 19.11
   9.7 Stage VII: Certification ............................................................................ 19.11
   9.8 Stage VIII: Issuance of CERS ................................................................. 19.12
11. What is a Baseline? ............................................................................................. 19.13
12. CDM Projects in India .......................................................... 19.13
  12.1 Benefits for India ............................................................ 19.14
13. Trading Platform for CER in India ........................................ 19.15
14. Accounting treatment as per Accounting Standards ............ 19.15
  14.1 Whether CER is an Asset? .............................................. 19.16
  14.2 Recognition of CERs ...................................................... 19.17
  14.3 What type of an asset is a CER? ........................................ 19.17
  14.4 Measurement of CERs .................................................. 19.17
  14.5 Income Recognition ...................................................... 19.20
  14.6 Measurement of Underlying Assets related to CERs ........... 19.20
  14.7 Presentation ............................................................... 19.21
  14.8 Disclosure ................................................................. 19.21
15. Accounting Treatment under IND AS .................................. 19.22

Test Your Knowledge ............................................................... 19.23

Short Notes ...................................................................................... 19.23

Practical Questions .............................................................................. 19.23

Answers to Practical Questions .......................................................... 19.23

CHAPTER 20 – ACCOUNTING FOR E-COMMERCE BUSINESS

Learning Outcomes ........................................................................ 20.1

Chapter Overview ........................................................................... 20.2

Contents:
1. Introduction .............................................................................. 20.3
2. Definition of E-commerce ....................................................... 20.3
3. Advantages of E-commerce Business ...................................... 20.4
4. Elements of E-commerce Transaction ...................................... 20.4
5. Challenges in E-commerce Business ........................................ 20.5
6. Various Business Models for E-commerce .............................. 20.6
6.1 Pictorial view of various E-commerce Models ............................................. 20.6
6.2 Pictorial view of various Principal to Agent E-commerce Models ............... 20.7

7. Classification of E-commerce Websites ............................................................ 20.10
7.1 Business to Business (B2B) E-commerce sites ........................................... 20.10
7.2 Business to Consumer (B2C) E-commerce sites ........................................ 20.11
7.3 Consumer to Consumer (C2C) E-commerce sites ...................................... 20.11
7.4 Consumer to Business (C2B) E-commerce sites ........................................ 20.11

8. Terms of agreement between the Vendors and the E-commerce Operators .......... 20.11

9. Revenue Recognition for E-Commerce Companies .......................................... 20.12
9.1 Transaction involving Sale of Goods ............................................................. 20.13
9.2 Transaction involving Provision of Services .................................................. 20.13
9.3 When does the ‘risk and rewards’ get transferred to the customers? ............ 20.13

10. Accounting principles applicable to specific Sources of Revenue of E-commerce Companies ............................................................. 20.15
10.1 Accounting for Membership and Subscription Fee ....................................... 20.15
10.2 Merchandising Services ................................................................................. 20.19
10.3 Advertising Services ...................................................................................... 20.22
10.4 Measurement of Consideration in Advertising Barter Transactions ............. 20.24
10.5 Other Services .............................................................................................. 20.25

11. Recognition and Measurement of Costs ......................................................... 20.25

12. Rebates, Discounts and Other Sales Incentives .............................................. 20.26

13. Points and Loyalty Programme ...................................................................... 20.26

14. Equity Based Consideration ............................................................................ 20.27

15. Accounting for GST in E-commerce Companies .......................................... 20.28
15.1 Accounting under Three Models of E-Commerce Business ......................... 20.28
15.2 Debit Note by E-commerce Companies ....................................................... 20.40
CHAPTER 21 - INTEGRATED REPORTING

Learning Outcomes ........................................................................................................... 21.1

Chapter Overview .............................................................................................................. 21.2

Contents:

1. Introduction .................................................................................................................. 21.2
2. Organizational Structure/Issuing Authority ............................................................... 21.2
3. What is Integrated Reporting <IR>? ........................................................................ 21.3
4. Purpose of Integrated Reporting .................................................................................. 21.5
5. Salient Features of Integrated Reporting Framework .................................................. 21.5
   5.1 Principle Based Approach ...................................................................................... 21.5
   5.2 Targets the Private Sector or Profit Making Companies .......................................... 21.6
   5.3 Identifiable Communication .................................................................................. 21.6
   5.4 Financial and Non-financial Items ......................................................................... 21.6
   5.5 Value Creation .................................................................................................... 21.6
6. The Capitals .................................................................................................................. 21.7
   6.1 Financial Capital ................................................................................................... 21.7
   6.2 Manufactured Capital ......................................................................................... 21.7
   6.3 Intellectual Capital ............................................................................................. 21.8
   6.4 Human Capital ................................................................................................... 21.8
   6.5 Social and Relationship Capital ........................................................................... 21.8
   6.6 Natural Capital .................................................................................................... 21.8
7. Contribution of Capitals in Value Creation ................................................................. 21.9
  8.1 Strategic Focus and Future Orientation .............................................................. 21.11
  8.2 Connectivity of Information .............................................................................. 21.12
  8.3 Stakeholder Relationships ............................................................................... 21.13
  8.4 Materiality ....................................................................................................... 21.14
  8.5 Conciseness .................................................................................................... 21.14
  8.6 Reliability and Completeness ........................................................................... 21.14
  8.7 Consistency and Comparability ...................................................................... 21.15

9. Contents of Integrated Reporting .......................................................................... 21.15
  9.1 Organisational Overview and External Environment ...................................... 21.15
  9.2 Governance .................................................................................................... 21.17
  9.3 Business Model .............................................................................................. 21.18
  9.4 Risks and Opportunities ................................................................................. 21.19
  9.5 Strategy and Resource Allocation ..................................................................... 21.20
  9.6 Performance ................................................................................................... 21.20
  9.7 Outlook .......................................................................................................... 21.20
  9.8 Basic of Preparation and Presentation ............................................................ 21.21
  9.9 General Reporting Guidance .......................................................................... 21.21

10. International Accounting Standards Board looking at the Role of Wider Reporting ......................................................................................................................... 21.21

11. Securities and Exchange Board of India (SEBI) .................................................... 21.22

Test Your Knowledge ........................................................................................................... 21.23

Theoretical Questions ......................................................................................................... 21.23

Answers to Theoretical Questions .................................................................................... 21.23

CHAPTER 22- CORPORATE SOCIAL RESPONSIBILITY

Learning Outcomes ........................................................................................................... 22.1

Chapter Overview .............................................................................................................. 22.2
Contents:

1. Introduction .......................................................................................................................... 22.3
2. Corporate Social Responsibility (CSR) ........................................................................... 22.4
3. Which company to perform Corporate Social Responsibility? ....................................... 22.4
4. Statutory Provisions .......................................................................................................... 22.5
   4.1 Important Definitions ................................................................................................. 22.5
   4.2 The Companies Act, 2013 ...................................................................................... 22.6
   4.3 Calculation of ‘Net Profit’ as per Section 198 ....................................................... 22.9
   4.4 Important points on CSR activities .......................................................................... 22.11
   4.5 Permissible Activities under Corporate Social Responsibility Policies: Schedule VII .................................................................................................................. 22.13
5. Accounting for CSR Transactions .................................................................................... 22.14
   5.1 Revenue Expenditure made in the Current Financial Year ..................................... 22.14
   5.2 CSR Expenditure made towards a Capital Asset ...................................................... 22.14
   5.3 Whether any Unspent Amount of CSR Expenditure is to be provided for? ............. 22.16
   5.4 Whether the excess amount can be carry forward to set off against Future CSR Expenditure? ................................................................. 22.17
   5.5 Supply of Manufactured Goods /Services by an Entity ............................................. 22.18
