Assessment of CA Students after completion of 1\textsuperscript{st} and 2\textsuperscript{nd} year of practical training

The Council has decided to assess students after completion of first and second year of practical training with online MCQ based tests. These tests would examine the knowledge gained by the students during the course of practical training and their ability to apply their subject specific skills while undergoing their training in that particular area.

The brief details about these tests are as below:

1. The test would be of 75 marks for 1\textsuperscript{st} year students and of 100 marks for 2\textsuperscript{nd} year students.
2. The duration of test would be 2 hours for each level.
3. The students completing their 1\textsuperscript{st}/ 2\textsuperscript{nd} year of practical training in a particular quarter of a year would be eligible to register for the said test in the subsequent quarter.
4. Students will be assigned grades based on their performance in the assessments as below:
   a. 80% and above – A grade
   b. 60% and above but below 80% – B grade
   c. 40% and above but below 60% – C grade
   d. Below 40% – D grade
5. The grades would appear on the final marksheet of the student. A student can appear in the particular test at a maximum of two more times to improve his/her grade by paying a nominal fee. The best grade out of all the grades scored, would be taken for inclusion in the marksheet.
6. In the test, Accounting and Auditing (including Corporate Laws) of 50 marks will be mandatory and students would be selecting one optional module at 1\textsuperscript{st} level test and two optional modules at 2\textsuperscript{nd} level test, related to their practical training specialisation area. The optional modules (each comprising 25 marks) would be:
