1. INTRODUCTION

Power to levy tax is drawn from the Constitution of India. To pave way for the introduction of Goods and Services Tax ("GST"), 101st Constitutional Amendment Act was passed. By virtue of this Act, central excise duty, additional duties of customs, State VAT and certain State specific taxes and service tax were subsumed into a comprehensive GST [Discussed in detail in Chapter-1: GST in India – An Introduction].

The very basis for the charge of tax in any taxing statute is the taxable event i.e the occurrence of the event which triggers levy of tax. As discussed earlier, the taxable event under GST is SUPPLY. CGST and SGST/UTGST are levied on all intra-State supplies of goods and/or services while IGST is levied on all inter-State supplies of goods and/or services.

The provisions relating to levy and collection of CGST and IGST are contained in section 9 of the CGST Act, 2017 and section 5 of the IGST Act, 2017, respectively. Let us now have a fundamental idea of intra-State supply and inter-State supply.

**Intra-State supply**

Generally, where the location of the supplier and the place of supply of goods or services are in the same State/Union territory, it is treated as intra-State supply of goods or services respectively.

**Inter-State supply**

Where the location of the supplier and the place of supply of goods or services are in (i) two different States or (ii) two different Union Territories or (iii) a State and a Union territory, it is treated as inter-State supply of goods or services respectively.

Our discussion in this Study Material will principally be confined to the provisions of CGST and IGST laws as the specific State GST laws are outside the scope of syllabus.

Before we go into niceties of leviability of CGST and IGST under respective statutes, let us first understand the terms - inter-State supply, intra-State Supply and supplies in territorial waters.

Supply of services imported into the territory of India shall be treated to be a supply of services in the course of inter-State trade or commerce.

Supply of goods or services or both,—
(a) when the supplier is located in India and the place of supply is outside India;
(b) to or by a Special Economic Zone developer or a Special Economic Zone unit; or
(c) in the taxable territory, not being an intra-State supply and not covered elsewhere in this section, shall be treated to be a supply of goods or services or both in the course of inter-State trade or commerce.

ANALYSIS

This section provides as to when the supplies of goods and/or services shall be treated as *Supply in the course of inter-State trade/commerce*. 

**A. ‘SUPPLY OF GOODS’ in the course of inter-State trade/commerce**

It primarily covers two kinds of supplies – Supply of goods within India and supply of goods imported into India. The two categories of supplies are discussed hereunder:

(i) **Supplies within India**

Supply of goods shall be considered as supply of goods in course of inter-State trade or commerce in the following cases:
*The terms ‘location of the supplier’ and ‘place of supply’ have been explained in Chapter 5 – Place of Supply.

The above concept can be easily understood with the help of following examples. In each of the following cases, supplies of goods shall be treated as supply of goods in course of inter-State trade/commerce.

(ii) **Supplies from outside India**

Supply of goods imported into the territory of India, till they cross the customs frontiers of India, shall be considered as supply of goods in the course of inter-State trade or commerce. Import of goods, means bringing goods into India from a place outside India. Thus, all imports shall be deemed as inter-State supplies and accordingly IGST shall be levied on the imported goods in addition to the applicable custom duties.
B. ‘SUPPLY OF SERVICES’ in the course of inter-State trade/commerce
[Section 7(3) and 7(4) of the IGST Act]

It primarily covers two kinds of supplies – supply of services within India and import of services into India. The two categories of supplies are discussed hereunder:

(i) Supplies within India

Supply of services shall be considered as supply of services in course of inter-State trade or commerce in the following cases:

(ii) Import of services into India

Supply of services which are imported into territory of India, shall be treated as supply of services in the course of inter-State trade or commerce. The term ‘import of services’ has been defined under section 2(11) of the IGST Act as supply of any service where the supplier is located outside India, the recipient is located in India, and the place of supply of service is in India.

From the aforesaid discussion, it can be inferred that import of goods or services\(^1\) shall be treated as inter-State supplies and would be subject to IGST.

C. SUPPLY OF GOODS OR SERVICES OR BOTH in the course of inter-State trade or commerce [Section 7(5) of the IGST Act]

Certain supplies are treated as supplies in the course of inter-State trade or commerce, and shall equally apply to supply of goods and to supply of services. These have been discussed hereunder:

---

\(^1\) Provisions relating to import of goods/services have been discussed in detail in Chapter 14 – Import and Export under GST.
I. **Supply of goods or services or both when the supplier is located in India and the place of supply is outside India**

It is important to note here that in this case, location of recipient is not material to qualify as supply in the course of inter-State trade or commerce. However, such supplies of goods and/or services need to satisfy some more conditions to qualify as export of goods and/or services\(^2\).

II. **Supply of goods or services or both to or by a Special Economic Zone developer/ Special Economic Zone unit**

SEZ is a geographically bound zone within India where the economic laws relating to export and import are more liberal as compared to other parts of the country. For all tax purposes, SEZ is considered to be a place outside India. Any supplies made to SEZ unit/developer or vice versa are inter-State supplies. It is noteworthy that place of supply is not relevant in case of supplies to/from an SEZ unit or developer.

Further, supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit are zero-rated supplies [Section 16 of the IGST Act] – *Discussed in detail in Chapter 14 – Import and Export under GST.*

---

\(^2\) Provisions relating to export of goods/services have been discussed in detail in Chapter 14 – Import and Export under GST.
The same can be understood with the help of the following example:

III. **Supply of goods and/or services in the taxable territory, not being an intra-State supply & not covered elsewhere in this section**

This is a residuary clause and shall cover all supplies in taxable territory which are neither covered under any provisions [enumerated above] determining inter-State supplies nor are intra-State supplies.

### 5. **INTRA-STATE SUPPLY [SECTION 8 OF THE IGST ACT]**

| (1) | Subject to the provisions of section 10, supply of goods where the location of the supplier and the place of supply of goods are in the same State or same Union territory shall be treated as intra-State supply:

Provided that the following supply of goods shall not be treated as intra-State supply, namely:-

(i) supply of goods to or by a Special Economic Zone developer |
or a Special Economic Zone unit;
(ii) goods imported into the territory of India till they cross the customs frontiers of India; or
(iii) supplies made to a tourist referred to in section 15.

(2) Subject to the provisions of section 12, supply of services where the location of the supplier and the place of supply of services are in the same State or same Union territory shall be treated as intra-State supply.

Provided that the intra-State supply of services shall not include supply of services to or by a Special Economic Zone developer or a Special Economic Zone unit.

Explanation 1. - For the purposes of this Act, where a person has, -
(i) an establishment in India and any other establishment outside India;
(ii) an establishment in a State or Union territory and any other establishment outside that State or Union territory; or
(iii) an establishment in a State or Union territory and any other establishment registered within that State or Union territory,
then such establishments shall be treated as establishments of distinct persons.

Explanation 2. - A person carrying on a business through a branch or an agency or a representational office in any territory shall be treated as having an establishment in that territory.

**ANALYSIS**

This section provides as to when the supplies of goods and/or services shall be treated as **intra-State supply**.
A. Which supplies of goods/services shall be treated as intra-State supplies? [Section 8(1) and 8(2) of the IGST Act]

Supply of goods/services where the location of the supplier and the place of supply of goods/services are in the same State or same Union territory shall be treated as intra-State supply. Such supplies are exigible to CGST and SGST.

The concept discussed above has been explained by way of following examples:

B. Exclusions [Proviso to section 8(1) and proviso to section 8(2) of the IGST Act]

Certain supplies of goods/services shall not be treated as intra-State supplies even when the location of supplier and place of supply fall within the same State/Union Territory. These supplies are as under:

- **Supply of goods/services to or by SEZ Unit or SEZ Developer:** Supply of goods/services to/by a SEZ developer/unit or supply to a SEZ developer/unit shall not be treated as intra-State supply. As already discussed in this chapter, such supplies shall be treated as supply in course of inter-State trade or commerce.

- **Supply of goods made to a tourist [referred to in section 15 of the IGST Act]:** shall not be considered as intra-State supply. Explanation to section 15 defines tourist as a person not normally resident in India, who enters India for a stay of not more than 6 months for legitimate non-immigrant purposes.

  George, a tourist from USA, visits India and purchases a shawl in Delhi. In this case, even though the place of supply and location of supplier are in the same State, it will be treated as inter-State transaction and will be exigible to IGST.

- **Goods imported in India:** Goods imported into the territory of India till they cross the customs frontiers of India are supplies in course of inter-State trade/commerce and thus, are excluded from the definition of intra-State supplies.

C. Establishments of distinct persons

Establishments of same entity shall be considered as establishments of distinct persons where a person has:

(i) an establishment in India and any other establishment outside India;

(ii) an establishment in a State or Union territory and any other establishment outside that State or Union territory; or
(iii) an establishment in a State or Union territory and any other establishment within that State or Union territory.

Thus, any supply between any of the above establishments shall be treated as supply between establishments of distinct persons. Further, a person carrying on a business through a branch or an agency or a representational office in any territory shall be treated as having an establishment in that territory.

**Services of short-term accommodation, conferencing, banqueting etc. provided to a SEZ developer/SEZ unit – whether to be treated as an inter-State supply or an intra-State supply**

As discussed earlier, as per section 7(5)(b) of the IGST Act, the supply of goods or services or both to a SEZ developer or a SEZ unit shall be treated to be a supply in the course of inter-State trade or commerce.

However, as per section 12(3)(c) of the IGST Act, the place of supply of services by way of accommodation in any immovable property for organising any functions shall be the location at which the immovable property is located [Please refer Chapter 5 – Place of Supply for detailed discussion of said provisions]. Thus, in such cases, if the location of the supplier and the place of supply is in the same State/ Union territory, it would be treated as an intra-State supply.

It is an established principle of interpretation of statutes that in case of an apparent conflict between two provisions, the specific provision shall prevail over the general provision.

In the instant case, section 7(5)(b) of the IGST Act is a specific provision relating to supplies of goods or services or both made to a SEZ developer or a SEZ unit, which states that such supplies shall be treated as inter-State supplies.

It is therefore, clarified that services of short term accommodation, conferencing, banqueting etc., provided to a SEZ developer or a SEZ unit shall be treated as an inter-State supply [Circular No. 48/22/2018 GST dated 14.06.2018].
6. SUPPLIES IN TERRITORIAL WATERS  
[SECTION 9 OF THE IGST ACT]

STATUTORY PROVISIONS

<table>
<thead>
<tr>
<th>Section 9</th>
<th>Supplies in territorial waters</th>
</tr>
</thead>
</table>

Notwithstanding anything contained in this Act -

(a) where the location of the supplier is in the territorial waters, the location of such supplier; or

(b) where the place of supply is in the territorial waters, the place of supply, shall, for the purposes of this Act, be deemed to be in the coastal State or Union territory where the nearest point of the appropriate baseline is located.

ANALYSIS

This section determines the location of supplier and/or the place of supply when such location of supplier and/or the place of supply is in territorial waters. Before that, let us understand the term “territorial waters”.

The term ‘Territorial waters’ has not been defined in the GST law. However, as per United Nations Convention on the Law of the Sea, the term ‘territorial sea’ is a belt of coastal waters extending almost 12 nautical miles from the baseline of a coastal state. Section 3(2) of the Territorial Waters, Continental Shelf, Exclusive Economic Zone and Other Maritime Zones Act, 1976 stipulates that the limit of territorial waters is the line every point of which is at a distance of 12 nautical miles from the nearest point of the appropriate base line. Refer the pictorial diagram showing ‘territorial waters’ given on page 3.6 earlier in this chapter.

Section 9 of the IGST Act provides that where the location of the supplier is in the territorial waters, it shall be deemed that location of such supplier is in the coastal State or Union Territory where the nearest point of the appropriate baseline is located. Similarly, in case where the place of supply is in territorial waters, the place of supply shall be deemed to be in the coastal State or Union Territory where the nearest point of the appropriate baseline is located.
After understanding the terms – inter-State supply, intra-State supply and supplies in territorial waters, we shall discuss hereunder the chargeability of CGST and IGST and related provisions.

**ANALYSIS**

Central Goods and Services Tax (CGST) shall be levied on all intra-State supplies of goods or services or both.

The tax shall be collected in such manner as may be prescribed and shall be paid by the taxable person. However, intra-State supply of alcoholic liquor for human consumption is outside the purview of CGST.
3.22 GOODS AND SERVICES TAX

Value for levy: Transaction value under section 15 of the CGST Act—Discussed in detail in Chapter 7 – Value of supply.

Rates of CGST: Rates for CGST are rates as may be notified by the Government on the recommendations of the GST Council. [Rates presently notified are 0%, 0.125%, 1.5%, 2.5%, 6%, 9% and 14%]. Maximum rate of CGST can be 20%.

In case of inter-State supplies of goods and/or services, Integrated Goods and Services Tax (IGST) is levied on the transaction value under section 15 of the CGST Act. Since alcoholic liquor for human consumption is outside the purview of GST law, IGST is also not leviable on the same. IGST is the sum total of CGST and SGST/UTGST. Maximum rate of IGST can be 40%.

However, CGST/IGST on supply of the following items has not yet been levied. It shall be levied with effect from such date as may be notified by the Government on the recommendations of the Council:

- petroleum crude
- high speed diesel
- motor spirit (commonly known as petrol)
- natural gas and
- aviation turbine fuel

Goods imported into India: All imports are deemed as inter-State supplies and accordingly IGST shall be levied on imported goods in addition to the applicable custom duties.

The integrated tax on goods imported into India shall be levied and collected in accordance with the provisions of the Customs Tariff Act, 1975 on the value as determined under the said Act at the point when duties of customs are levied on the said goods under the Customs Act, 1962.

The integrated tax on goods shall be in addition to the applicable Basic Customs Duty (BCD) which is levied as per the Customs Tariff Act. In addition, GST compensation cess, may also be leviable on certain luxury and demerit goods under the Goods and Services Tax (Compensation to States) Cess Act, 2017.
Reverse Charge Mechanism

CGST/IGST shall be paid by the recipient of goods or services or both, on reverse charge basis, in the following cases:

✓ Supply of goods or services or both, notified by the Government on the recommendations of the GST Council.

✓ Supply of specified categories of goods or services or both by an unregistered supplier to specified class of registered persons.

All the provisions of the CGST/IGST Act shall apply to the recipient in the aforesaid cases as if he is the person liable for paying the tax in relation to the supply of such goods or services or both. Let us first understand the concept of reverse charge mechanism:

Generally, the supplier of goods or services is liable to pay GST. However, under the reverse charge mechanism, the liability to pay GST is cast on the recipient of the goods or services.

Reverse charge means the liability to pay tax is on the recipient of supply of goods or services instead of the supplier of such goods or services in respect of notified categories of supply.

However, the underlying principle of an indirect tax is that burden of such tax has to be ultimately passed on to the recipient. GST being an indirect tax, this principle holds good for GST. Therefore, under reverse charge mechanism, only the compliance requirements, [i.e. to obtain registration under GST, deposit the tax with the Government, filing returns, etc.] have been shifted from supplier to recipient. The burden to pay GST ultimately lies on the recipient only.

There are two type of reverse charge scenarios provided in law.

(i) First scenario occurs in case of supply of specified categories of goods or services, covered by section 9(3) of the CGST/ SGST (UTGST) Act. Similar provisions are contained under section 5(3) of the IGST Act.

(ii) Second scenario occurs in case of supply of specified categories of goods or services made by an unregistered supplier to specified class of registered recipients, covered by section 9(4) of the CGST Act. Similar provisions are contained under section 5(4) of the IGST Act.
Goods and services notified under reverse charge mechanism under section 9(3) of the CGST Act/ section 5(3) of the IGST Act are as follows:

A. **Supplies of goods taxable under reverse charge, i.e. the goods where tax is payable by the recipient:**

GTA services are taxable at the following two rates:

(i) @ 5% (2.5% CGST+2.5% SGST/UTGST or 5% IGST) provided GTA has not taken the Input Tax Credit (ITC) on goods and services used in supplying GTA service or

(ii) @ 12% (6% CGST+6% SGST/UTGST or 12% IGST) where GTA opts to pay GST at said rate on all the services of GTA supplied by it. In this case, there is no restriction on availing ITC on goods and services used in supplying GTA service by GTA.

In the following paras, we have explained as to who is the person liable to pay tax in case of each of the above two rates:

**Recipient of GTA service is the person who pays/is liable to pay freight for transportation of goods by road in goods carriage, located in the taxable territory.**

**Electronic Commerce Operator (ECO) is any person who owns/operates/manages an electronic platform for supply of goods/services/both.**
Sometimes, ECO itself supplies the goods or services through its electronic portal. However, many a times, the products/services displayed on the electronic portal are actually supplied by some other person to the consumer. When a consumer places an order for a particular product/service on this electronic portal, the actual supplier supplies the selected product/service to the consumer. The price/consideration for the product/service is collected by the ECO from the consumer and passed on to the actual supplier after the deduction of commission by the ECO.

The Government may notify specific categories of services the tax on supplies of which shall be paid by the electronic commerce operator (ECO) if such services are supplied through it. Such services shall be notified on the recommendations of the GST Council.

**Notification No. 17/2017 CT (R) dated 28.06.2017/ Notification No. 14/2017 IT (R) dated 28.06.2017** as amended has notified the following categories of services supplied through ECO for this purpose –

(a) services by way of transportation of passengers by a radio-taxi, motorcab, maxicab and motor cycle;

(b) services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under section 22(1) of the CGST Act.

(c) services by way of house-keeping, such as plumbing, carpentering etc, except where the person supplying such service through electronic commerce operator is liable for registration under sub-section 22(1) of the CGST Act.

### Meaning of various terms

**Radio taxi:** means a taxi including a radio cab, by whatever name called, which is in two-way radio communication with a central control office and is enabled for tracking using Global Positioning System (GPS) or General Packet Radio Service (GPRS).
(ii) **Maxi cab:** means any motor vehicle constructed or adapted to carry more than 6 passengers, but not more than 12 passengers, excluding the driver, for hire or reward.

**Motor cab:** means any motor vehicle constructed or adapted to carry not more than 6 passengers excluding the driver for hire or reward.

**Motor car:** means any motor vehicle other than a transport vehicle, omnibus, road-roller, tractor, motor cycle or invalid carriage.

All the provisions of the CGST/IGST Act shall apply to such ECO as if he is the supplier liable for paying the tax in relation to the supply of above services.

It is important to note here that the above provision shall apply only in case of supply of services.

**Person liable to pay GST for above specified services when supplied through ECO**

- If the ECO is located in taxable territory → Person liable to pay tax is the ECO
- If the ECO does not have physical presence in the taxable territory → Person liable to pay tax is the person representing the ECO
- If the ECO has neither the physical presence nor any representative in the taxable territory → Person liable to pay tax is the person appointed by the ECO for the purpose of paying the tax

**GST Rates prescribed for various goods**

Broadly, six rates of CGST have been notified in six Schedules of rate notification for goods, viz., 0.125%, 1.5%, 2.5%, 6%, 9% and 14%. SGST/ UTGST at the equivalent rate is also leviable. With regard to IGST, broadly...
six rates have been notified in six Schedules of rate notification for goods, viz., 0.25%, 3%, 5%, 12%, 18% and 28%. Certain specified goods have been exempted from tax.

In order to determine the rate applicable on a particular supply of goods or services, one needs to first determine the classification of such goods or services. Classification of goods and services assumes significance since there are different rates prescribed for supply of different goods and services. Therefore, classification is crucial for determining the rate of tax applicable on a particular product or service.

**Classification of goods under GST**

Classification of goods means identification of the tariff item, sub-heading, heading and chapter in which a particular product will be classified.

Tariff item, sub-heading, heading and chapters referred in the Schedules of rate notification for goods under GST are the Tariff item, sub-heading, heading and chapters of the First Schedule to the Customs Tariff Act, 1975. Indian Customs Tariff is based on HSN. HSN stands for Harmonized System of Nomenclature. It is a multipurpose international product nomenclature developed by the World Customs Organization (WCO) for the purpose of classifying goods across the World in a systematic manner. It comprises of about 5,000 commodity groups; each identified by a 6 digit code [code can be extended], arranged in a legal and logical structure and is supported by well-defined rules to achieve uniform classification. India has developed an 8-digit code of HSN.

Along the lines of HSN, the Indian Customs Tariff has a set of Rules of Interpretation of the First Schedule and General Explanatory notes. These rules and the general explanatory notes give clear direction as to how the

nomenclature in the schedule is to be interpreted. These Rules for Interpretation including section and chapter notes and the General Explanatory Notes of the First Schedule⁷ apply to the interpretation of the rate notification for goods under GST also.

Consequently, under GST, goods are classified on the basis of HSN in accordance with the Rules for the Interpretation of the Customs Tariff.

Once classification for a product has been determined on this basis, applicable rate has to be determined as per the rate prescribed in the rate notification issued under GST.

**Classification of services under GST**

A new Scheme of Classification of Services has been devised under GST. It is a modified version of the United Nations Central Product Classification. Under this scheme, the services of various descriptions have been classified under various sections, headings and groups. Chapter 99 has been assigned for services. This chapter has following sections:

**Section 5** Construction Services

**Section 6** Distributive Trade Services; Accommodation, Food and Beverage Service; Transport Services; Gas and Electricity Distribution Services

**Section 7** Financial and related services; real estate services; and rental and leasing services

**Section 8** Business and Production Services

**Section 9** Community, social and personal services and other miscellaneous services

Each section is divided into various headings which is further divided into Groups. Its further division is made in the form of ‘Tariff item’/ Service Codes.

---

⁷ **Sections**: A group of Chapters representing a particular class of goods.

**Chapters**: Each section is divided into various chapters and sub-chapters. Each chapter contains goods of one class.

**Chapter notes**: They are mentioned at the beginning of each chapter. These notes are part of the statute and hence have the legal authority in determining the classification of goods.

**Heading**: Each chapter and sub-chapter is further divided into various headings.

**Sub-heading**: Each heading is further divided into various sub-headings.
Rate of tax is determined in accordance with the Service Code in which the service is classified.

Broadly, four rates of CGST have been notified for services, viz., 2.5%, 6%, 9% and 14%\(^8\). Equivalent rate of SGST/UTGST will also be levied. For IGST, four rates have been notified for services, viz., 5%, 12%, 18% and 28%\(^9\)\(^10\). For certain specified services, nil rate of tax has been notified.

Services of gambling, services by way of admission to entertainment events/access to amusement facilities, any sporting event such as IPL and the like, services by way of admission to amusement parks including theme parks, water parks, joy rides, merry-go-rounds, go-carting and ballet, attract the highest rate of 28% (CGST @ 14% and SGST @ 14% or IGST @ 28%).

A number of services are subject to the lowest rate of 5% (CGST @ 2.5% and SGST @ 2.5% or IGST @ 5%). For instance, GTA service is taxed @ 5% subject to the condition that credit of input tax charged on goods/services used in supplying said service has not been taken. Similarly, tax rate for restaurant service is 5% without any input tax credit.

**Services not covered under any specific heading are taxed at the rate of 18% (CGST @ 9% and SGST @9% or IGST @ 18%).**

GST rates in real estate sector

The effective rate of GST on real estate sector for the new projects by promoters are as follows:

(i) 1% without ITC on construction of affordable houses (area 60 sqm in metros/ 90 sqm in non-metros and value upto ₹45 lakh).

(ii) 5% without ITC is applicable on construction of:

(a) all houses other than affordable houses, and

(b) commercial apartments such as shops, offices etc. in a residential real estate project (RREP) in which the carpet area of commercial apartments is not more than 15% of total carpet area of all apartments.

Conditions:

Above tax rates shall be available subject to following conditions:

(a) ITC shall not be available.

(b) 80% of inputs and input services [other than services by way of grant of development rights, long term lease of land (against upfront payment in the form of premium, salami, development charges etc.) or FSI (including additional FSI), electricity, high speed diesel, motor spirit, natural gas], used in supplying the service shall be purchased from registered persons.

However, if value of inputs and input services purchased from registered supplier is less than 80%, promoter has to pay GST on reverse charge basis, under section 9(4) of the CGST Act [discussed earlier], at the rate of 18% on all such inward supplies (to the extent short of 80% of the inward supplies from registered supplier).

Further, where cement is received from an unregistered person, the promoter shall pay tax on supply of such cement on reverse charge.

Moreover, GST on capital goods shall be paid by the promoter on reverse charge basis, under section 9(4) of the CGST Act at the applicable rates [Notification No. 07/2019 CT (R) dated 29.03.2019/ Notification No. 07/2019 IT (R) dated 29.03.2019].

## ANALYSIS

### Overview of the Scheme

The composition levy is an alternative method of levy of tax designed for small taxpayers whose turnover is up to prescribed limit. The objective of composition scheme is to bring simplicity and to reduce the compliance cost for the small taxpayers. Primarily, the composition scheme is available to the suppliers of goods and restaurant service, but composition suppliers are permitted to supply services upto a specified marginal value in the year of opting for composition. Small taxpayers with an aggregate turnover in a preceding financial year up to ₹1.5 crore shall be eligible for composition levy.

Suppliers opting for composition levy need not worry about the classification of their goods or services or both, the rate of GST applicable on their goods and/ or services, etc. They are not required to raise any tax invoice, but simply need to issue a Bill of Supply\(^\text{12}\) wherein no tax will be charged from the recipient.

An eligible person opting to pay tax under the composition scheme shall, instead of paying tax on every invoice at the specified rate, pay tax at a prescribed percentage of his turnover every quarter. At the end of a quarter,

\(^{12}\) *Discussed in detail in Chapter-10: Tax Invoice, Credit and Debit Notes.*

© The Institute of Chartered Accountants of India
he would pay the tax, without availing the benefit of input tax credit. Return is to be filed annually by a composition supplier.

Persons making inter-State supplies of goods or persons making supplies of goods through e-commerce operators who are required to collect tax at source shall not be eligible for composition scheme.

The provisions relating to composition levy are contained in section 10 of CGST Act, 2017 and Chapter-II [Composition Levy] of Central Goods and Services Tax (CGST) Rules, 2017. The said rules have been incorporated in the discussion in the following paras at the relevant places.

### Turnover limit for Composition Levy [Section 10(1)]

Section 10 of the CGST Act provides the turnover limit of ₹ 50 lakh for becoming eligible for composition levy. However, proviso to section 10(1) empowers the Government to increase the said limit of ₹ 50 lakh upto ₹ 1.5 crore, on the recommendation of the Council.

In view of said power of the Government to increase the turnover limit for Composition Levy as granted by first proviso to section 10(1), the turnover limit for Composition Levy has been increased from ₹ 50 lakh to ₹ 1.5 crore vide Notification No. 14/2019 CT dated 07.03.2019.

However, the said notification further stipulates that the turnover limit for composition levy shall be ₹ 75 lakh in respect of 8 of the Special Category States namely:

</tbody>

*In case of Assam, Himachal Pradesh and Jammu and Kashmir, the turnover limit will be ₹ 1.5 crore.*

In other words, if the aggregate turnover of a supplier in a State/UT other than Special Category States (except Assam, Himachal Pradesh and Jammu...
and Kashmir) is up to ₹\textbf{1.5 crore} in the preceding financial year, said supplier is eligible for composition scheme.

A dealer ‘Prithviraj’ has offices in Maharashtra and Goa. He makes intra-State supply of goods from both these offices. In order to determine whether ‘Prithviraj’ is eligible to avail benefit of the composition scheme, turnover of both the offices would be taken into account and if the same does not exceed ₹ 1.5 crore, Prithviraj can opt to avail the composition levy scheme (subject to fulfilment of other prescribed conditions) for both the offices.

In case of shortfall, he's required to pay tax under reverse charge on all such inward supplies (to the extent short of 80% of the inward supplies from registered supplier).

\(^{17}\) *wherever applicable*
he shall mention the words “composition taxable person” on every

Who are not eligible to opt for composition scheme? [Section 10(2)]

- Supplier of services, save as provided in section 10(1)
- Supplier of goods which are not leviable to tax
- Supplier of inter-State outward supplies of goods
- Person supplying goods through an electronic commerce operator who is required to collect tax at source under section 52
- Manufacturer of icecream, panmasala and tobacco

There is no restriction on composition supplier to receive inter-State inward supplies of goods as also to make inter-State inward and outward supply of services.

ABC Industries, a manufacturer in Mumbai, is engaged in supply of goods in Mumbai as well as Chennai (i.e. inter-State supply of goods). Here, ABC Industries cannot enter into the composition scheme as it is effecting inter-State supply of goods i.e. Chennai.

A person engaged in marginal supply of services other than restaurant service along with the supply of goods or restaurant services [Second proviso to section 10(1) read with section 10(2)(a)]

Fundamentally, the composition scheme can be availed in respect of goods and only one service namely, restaurant service. However, there are cases where a manufacturer/ trader is also engaged in supply of services other than restaurant service though the
percentage of such supply of services is very small as compared to the supplies of goods. There may also be cases where a restaurant service provider is also engaged in supplying a small percentage of other services.

With a view to enable such taxpayers to avail of the benefit of composition scheme, second proviso to section 10(1) permits marginal supply of services [other than restaurant services] for a specified value along with the supply of goods and/or restaurant service, as the case may be. This specified value is value not exceeding:

(a) 10% of the turnover in a State/Union territory in the preceding financial year

or

(b) ₹5 lakh,

whichever is higher.

Thus, it can be inferred that where the turnover of a registered person opting for composition scheme is upto ₹50 lakh in the preceding financial year, he can supply services [other than restaurant services] upto a maximum value of ₹5 lakh in the current financial year. Further, where the turnover of a registered person opting for composition scheme is more than ₹50 lakh and upto ₹1.5 crore in the preceding financial year, he can supply services [other than restaurant services] in the current financial year upto a maximum value of 10% of the turnover in a State/Union territory in the preceding financial year.

---

Ramsewak is engaged in supply of goods. His aggregate turnover in preceding FY is ₹60 lakh. Since his aggregate turnover in the preceding FY does not exceed ₹1.5 crore, he is eligible for composition scheme in current FY. Further, in current FY, he can supply services [other than restaurant services] upto a value of not exceeding:

(a) 10% of ₹60 lakh, i.e. ₹6 lakh

or

(b) ₹5 lakh,
whichever is higher. Thus, he can supply services upto a value of ₹6 lakh in current FY. If the value of services supplied exceeds ₹6 lakh, he becomes ineligible for the composition scheme and has to opt out of the composition scheme.

**Interest income to be excluded while computing aggregate turnover for determining eligibility for composition scheme**

Generally, businesses tend to save and invest money in the form of deposits, loans or advances. However, this way they get engaged in supply of service by way of extending deposits, loans or advances\(^{18}\) – a service other than restaurant service. And where the income from such services cause the value of services\(^{19}\) supplied to exceed the value referred in second proviso to section 10(1) \([10\% \text{ of the turnover in the preceding FY in a State/Union territory or ₹5 lakh, whichever is higher}]\), said business becomes ineligible for the composition scheme and one has to opt out of the composition scheme. This can cause a lot of hardship to small businesses.

In view of the above, Order No. 01/2019 CT dated 01.02.2019 has been issued to clarify that the value of supply of exempt services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount, shall not be taken into account –

i. for determining the eligibility for composition scheme under second proviso to section 10(1). Under this proviso, a registered person opting for composition scheme may supply services \([\text{other than restaurant services}]\) of value not exceeding 10\% of the turnover in the preceding financial year in a State/Union territory or ₹5 lakh, whichever is higher.

Thus, while computing value of services \([\text{other than restaurant services}]\) as referred in second proviso to section 10(1), interest on loans/deposit/advances will not be taken into account.

---

\(^{18}\) It is, however, pertinent to note that services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount are exempt from GST – Discussed in detail in Chapter 4 – Exemptions from GST.

\(^{19}\) other than restaurant services
ii. in computing aggregate turnover in order to determine eligibility for composition scheme.

Validity of composition levy [Section 10(3) read with rule 6]

I. Withdrawal from the composition scheme by a taxpayer who ceases to satisfy any of the prescribed conditions

The option exercised by a registered person to pay amount under composition levy shall remain valid so long as he satisfies all the conditions mentioned in the relevant section and rules. For instance, the option to pay tax under composition scheme lapses from the day on which aggregate turnover of a registered person exceeds the specified limit (₹ 1.5 crore/ ₹ 75 lakh) during the FY.

Such person is required to pay tax under regular scheme under section 9(1) from the day he ceases to satisfy any of the conditions prescribed for composition levy. He shall issue tax invoice for every taxable supply made thereafter. Further, he is required to file an intimation for withdrawal from the scheme in prescribed form within 7 days of the occurrence of such event.

The effective date from which withdrawal from the composition scheme shall take effect shall be the date indicated by him in his intimation, but such date may not be prior to the commencement of the financial year in which such intimation is being filed.

II. Withdrawal from the composition scheme by a taxpayer who intends to withdraw from the said scheme

The registered person who intends to withdraw from the composition scheme shall, before the date of such withdrawal, file an application in prescribed form.

The effective date from which withdrawal from the composition scheme shall take effect shall be the date indicated by him in his application but such date may not be prior to the commencement of the financial year in which such application for withdrawal is being filed.

21 Circular No. 77/51/2018 GST dated 31.12.2018
III. Denial of option to pay tax under the composition scheme by tax authorities

Where the proper officer has reasons to believe that the registered person was not eligible to pay tax under composition scheme or has contravened the provisions of the CGST Act or provisions of this Chapter, he may issue a show cause notice (SCN) to such person. Upon receipt of reply to SCN, he shall pass an order either accepting the reply, or denying the option to pay tax under composition scheme from the date of the option or from the date of the event concerning such contravention, as the case may be.

In case of denial of option to pay tax under composition levy by the tax authorities, the effective date of such denial shall be from a date, including any retrospective date, as may be determined by tax authorities. However, such effective date shall not be prior to the date of contravention of the provisions of the CGST Act/ CGST Rules.

In each of the above cases, such person may furnish a statement in prescribed form containing details of the stock of inputs and inputs contained in semi-finished or finished goods held in stock by him on the date on which the option is withdrawn/denied, within a period of 30 days from the date from which the option is withdrawn/ or from the date of the order denying composition scheme.

A person availing composition scheme during a financial year crosses the turnover of ₹ 1.5 crore on 9th of December. The option availed shall lapse from the day on which his aggregate turnover during the financial year exceeds ₹ 1.5 crore, i.e. on 9th December, in this case.

Composition scheme to be adopted uniformly by all the registered persons having the same PAN [Proviso to section 10(2)]

All registered persons having the same Permanent Account Number (PAN) have to opt for composition scheme. If one such registered person opts for normal scheme, others become ineligible for composition scheme.

A dealer ‘Champaklal’ has two offices in Delhi and is eligible for composition levy. If ‘Champaklal’ opts for the composition scheme, both the offices would pay taxes under composition scheme and abide by all the conditions as may be prescribed for the composition scheme.

**Composition scheme supplier cannot collect tax [Section 10(4)]**

Taxable person opting for the composition scheme shall not collect tax from the recipient on supplies made by him. It implies that a composition scheme supplier cannot issue a tax invoice.

**Composition scheme supplier cannot enter into credit chain [Section 10(4)]**

Taxable person opting for the composition scheme is not entitled to any credit of input tax.

**Imposition of penalty in case of irregular availment of the composition scheme [Section 10(5)]**

If a taxable person has paid tax under the composition scheme though he was not eligible for the scheme, the person would be liable to penalty and the provisions of section 73 or 74 of the CGST Act shall be applicable for determination of tax and penalty.

9. OPTION TO PAY TAX AT CONCESSIONAL RATE UNDER NOTIFICATION NO. 2/2019 CT (R) DATED 07.03.2019

Overview of the Scheme

As we have already seen that primarily, the composition scheme is available in respect of goods and only one service namely, restaurant service. Further, marginal supply of other services is permitted along with the supply of goods and/or restaurant service. However, a person engaged exclusively in supply of services other than restaurant service is not eligible for the composition scheme.

In order to provide benefit to such suppliers, a scheme to pay tax at the concessional rate has been formulated primarily for small service providers like salon stylist, tailors etc. who are not otherwise eligible for composition scheme. This scheme is contained in Notification No. 2/2019 CT (R) dated 07.03.2019 as amended.

This notification provides an option to a registered person whose aggregate turnover in the preceding financial year is upto ₹ 50 lakh and who is not eligible to pay tax under composition scheme, to pay tax @ 3% [Effective rate 6% (CGST+ SGST/ UTGST)] on first supplies of goods and/or services upto an aggregate turnover of ₹ 50 lakh made on/after 1st April in any financial year, subject to specified conditions.

The scheme has been elucidated as under:
Conditions to be fulfilled

The conditions for availing the concessional rate of tax under Notification No. 2/2019 CT (R) are primarily same as the conditions for availing the composition scheme with few exceptions. The same have been elaborated as under:

1. **Supplies are made by a registered person who is:**
   - not engaged in making any supply which is not leviable to tax under the said Act. Under composition scheme, restriction is only on supply of goods not leviable to tax.
   - not engaged in making any inter-State outward supply – neither of goods nor of services. This condition is a divergence from the composition scheme where the restriction is only on making inter-State outward supply of goods and not on inter-State outward supply of services.
   - neither a casual taxable person nor a non-resident taxable person.
   - not engaged in making any supply through an electronic commerce operator who is required to collect tax at source under section 52.
   - not engaged in making supplies of notified goods, namely, ice cream and other edible ice, whether or not containing cocoa [2105 00 00], Pan masala [2106 90 20] and all goods of Chapter 24, i.e. Tobacco and manufactured tobacco substitutes. Under composition scheme, condition is that the supplier should not be engaged in manufacture of notified goods.

2. The registered person shall not collect any tax from the recipient on supplies made by him nor shall he be entitled to any credit of input tax.

3. The registered person shall issue a bill of supply** instead of tax invoice. Such bill of supply will have the following words at its top - ‘taxable person paying tax in terms of Notification No. 2/2019 CT (R) dated 07.03.2019, not eligible to collect tax on supplies’.

**Order No. 3/2019 CT dated 08.03.2019 has clarified that provisions of section 31(3)(c) of the CGST Act, 2017 [containing
provisions relating to Bill of Supply] shall also apply to a person paying tax under this notification\(^{23}\).

**Other significant points**

1. Where more than one registered persons are having the same PAN, tax on supplies by all such registered persons is paid at concessional rate under this notification.

2. The registered person opting to pay tax at concessional rate under this notification shall be liable to pay:
   - (CGST @ 3% + SGST/UTGST @ 3%) on all outward supplies - first supplies of goods or services or both upto an aggregate turnover of ₹50 lakh made on or after 1\(^{st}\) April in any FY – regardless of any exemption from tax available to such supplies or any notification issued under section 9(1).
   - Tax on inward supplies on which he is liable to pay tax under section 9(3)/9(4) (reverse charge) at the applicable rates.

3. In computing aggregate turnover in order to determine eligibility of a registered person to pay tax at concessional rate under this notification, value of supply of exempt services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount, shall not be taken into account.

4. Where any registered person who has availed of ITC opts to pay tax under this notification, he shall pay an amount, by way of debit in the electronic credit ledger or electronic cash ledger. Said amount shall be equivalent to the ITC in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock and on capital goods as if the supply made under this notification attracts the provisions of section 18(4) of the CGST Act and the rules made thereunder.

   After payment of such amount, the balance of input tax credit, if any, lying in his electronic credit ledger shall lapse. Section

\(^{23}\) Since section 31(3)(c) is applicable only to a composition supplier. This section has been discussed in detail in Chapter 10 – Tax Invoice; Credit and Debit Notes.
18(4) and related rules have been discussed in detail in Chapter 8 – Input Tax Credit.

5. The CGST Rules, 2017, as applicable to a person paying tax under composition scheme shall, mutatis mutandis, apply to a person paying tax under this notification.

First supplies of goods or services or both shall, for the purposes of determining eligibility of a person to pay tax under this notification, include the supplies from 1st April of a FY to the date from which he becomes liable for registration under the said Act

but for the purpose of determination of tax payable under this notification, shall not include the supplies from the first day of April of a financial year to the date from which he becomes liable for registration under the Act.
